Versatile devices for dynamic office environments

Today, many organizations are seeking new ways to optimize office space and resources to accommodate changing work styles. Additionally, there is a rising need for a reliable IT and print infrastructure as organizations seek to seamlessly facilitate digital workflows and address security challenges.

This change has created an opportunity for cost-effective and robust workplace technology that streamlines operations, offers the flexibility to easily transition between paper and digital workflows, and provides enhanced data security.

Ricoh's latest generation of black-and-white multifunction devices optimizes day-to-day operations by enhancing productivity, increasing data security, and creating a seamless user experience in a compact all-in-one device.

Experience the versatility of the new IM 370F/IM 460F/IM 460FTL series — a perfect addition to today's modern workplace that empowers your teams to easily capture, print, share information, and digitize workflows.

Work more efficiently with fast black-and-white print and color scan speeds

Optimize office space with a compact multifunction device

Protect your business data and intellectual property

Customize options to match your workflow needs with RICOH Smart Integration technology

A comprehensive solution for diverse workflow needs

Enhanced quality, performance, and productivity

Experience the benefits of fast black-and-white print and color scan speeds with our compact letter/legal multifunction device. Enjoy the added convenience of A3 capabilities, allowing you to easily print, copy, and scan 11" x 17" pages when needed. What's more, you can personalize and enhance the capabilities of your device with applications and software solutions readily available from the cloud with RICOH Smart Integration.

Improved usability and reliability

Ideal for smaller office workspaces or desktop environments, these devices offer space-saving efficiency and low noise levels. Ricoh's familiar, user-friendly Smart Operation Panel has been enhanced to provide a more intuitive and seamless user experience with an upgraded OS for better security and usability, as well as improved touch response and faster performance.

Reliable protection of your data

Equipped with the latest controller features, these smart devices provide enhanced privileged account control that gives you more freedom when creating administrator roles and minimizes risks related to sharing IDs. You can also assign different privileges to each role and link it to your user ID system, including Windows and LDAP platforms. Additionally, Ricoh's Always Current Technology ensures automatic security and software updates downloaded and installed directly to your device as they become available.

Enhanced sustainability features

As a leader in environmentally-friendly performance, we not only uphold our own commitments but also strive to help support your goals. Our devices utilize up to 17% post-consumer recycled materials for their outer mainframe, while toner bottles are made from 81% recycled plastics. There is zero plastic usage for the toner packaging and the device's optional paper feed unit. The Smart Operation Panel includes new energy-saving features to reduce the operation panel's power consumption by 45% in Sleep Mode.

Specialized printing capabilities (IM 460FTL only)

Designed with the unique needs of healthcare professionals in mind, the IM 460FTL incorporates specialized firmware and Teflon-coated tray components to reliably print specialized media such as wristbands and labels. It also features a built-in locking tray and optional additional locking trays to safeguard sensitive media such as prescription blanks and more. Non-locking trays are also available for standard media printing.

Waste Toner Bottle

Yield: 50,000 pages

Declared toner yield in accordance with ISO/IEC 19752; Waste toner bottle yield based on 3 pages/job and 6% coverage on 8.5"x11" paper.

PAPER SUPPLY OPTIONS

Paper Feed Unit PB1200 (500 Sheet), Paper Feed Unit PB1200TL (500 Sheet Lock & Label), Medium Cabinet Type A7, High Cabinet Type A8, Caster Table Type A6

OTHER OPTIONS

Document Feeder Paper Guide Tray, HDD Option Type M54 320GB, SSD Option Type M54 256GB, IEEE 802.11a/b/g/n Interface Unit Type M54, PostScript3 Unit Type M54, OCR Unit Type M54, Fax Memory Unit Type M54 64MB, IPDS Unit Type M54, Optional Counter Interface Unit Type M12, Optional Card Reader Cover Type M54

This device does not support PoE (Power over Ethernet) and should not be connected to a PoE hub.

Connecting to a PoE hub could cause damage and void warranty coverage

Some options may not be available at the time of market release.

Specifications are subject to change without notice.

For maximum performance and yield, we recommend using genuine Ricoh parts and supplies.

Some features may require additional options and/or charges.
